# In Memory of

**MR. JAMES R. MEDLOCK**

"A great man has been called to his eternal reward. In his passing, those of us who have had the privilege of knowing him are poorer because we have lost a true and a great friend, but we are far richer because of the indelible stamp which his personality has left upon us.

Mr. Medlock was a great gentleman. He was profound in his simplicity and humble in his wisdom. He was kind in his forthrightness. He was devout in his little talked of, but deeply entrenched faith in God and man."

As we grow in character we learn to strive for citizenship.

We learn to reach our goals by fusing our abilities, ideas, and faith into constructive service.

We learn to serve others as well as enrich our spirit.

We learn to live cleaner lives as well as strengthen our faith.

We learn to respect our elders as well as command respect for ourselves.

This we learn to achieve together through our activities.

This is what activities mean to us.

## HI - Y

"To create, maintain, and extend throughout the home, school, and community high standards of Christian character," is the aim of the Hi-Y. These boys, selected for their character, interest, and willingness to work in furthering the ideals of the Hi-Y, plan and carry out worthwhile projects during the year.

The word Homecoming had many meanings to Boyden students . . . the exciting competition over floats, the hope of winning the game, and the suspense of who would be Queen. Then the magic night came and your room won the class prize; the game was exciting, and at the climax of our weeks of work and fun, "Pug" and Doug were crowned King and Queen of our 1956 Homecoming.

Annyce. It has really been great knowing you these past years. You are really one great gal and I wish you all the luck in the world. Be good & may God bless you

Love ya

**FORWARD, UPWARD**—these words express the goal of each Boydenite.

**FORWARD**—never backward, never at a standstill, but always with our heads and minds looking toward the future

**ONWARD**—to improve mankind, his standards, his ideals. The Boydenite typifies progress. His never-dying enthusiasm symbolizes America and each individual's trek to a better, more peaceful tomorrow.

Best wishes always to a swell friend  
Dorothy  
mom

Annyce, enjoy I have enjoyed being in touch with you  
Love,  
Sarah Holcomb

**TO SUCCEED**—as citizens of our community, our nation, and the world. To make a contribution, according to our own abilities, to improve ourselves and our surroundings.

So we close the door to the past and begin the climb up the staircase of the future as we search for new and better horizons.

Innace,

It's really been one great year at  
Borden. You don't know how glad I am  
I started running around with you and the  
"gang." I don't know what I would  
have done without y'all. It would have  
been pure torture to have had to eat alone  
with the "B-I-G O-N-E."

We really have had some good times  
together, haven't we. - Thanks for  
putting up with me. I know you all  
think I'm crazy. Just so there won't be  
any doubts in your mind, I'll just tell  
you - I am!

I think you are a very deserving  
girl and I hope you have lots of fun  
with "her" (ha) at W.C. I know you will  
have fun up there - it's a great school!

Thanks for helping me with devotions  
this year - you have been more help  
than you will ever know. When everyone  
else let me down you were there to help.  
I'm sorry it's all over so soon. I wish  
the "gang" could be together next year.

A fellow slaw-eater,

Dolores

Ameyce,

This year has gone by so fast. All the wonderful times we spent together have really made this year enjoyable. Maybe I will beat you in bowling sometime. I hope we will continue going out there. I can hardly wait until next year when all of us will be at W.C. When you are an upperclassman next year, and I am just a green freshman, I hope you have pity on me and let me stay with you so I can keep the lights on. I only wish we had not been put in different rooms our freshman year, so we could all been together all through high school.

I hope I don't move too far away so we can have lots of fun this summer.

Always,  
Ann

Ameyce,  
This brings to a close all our wonderful years of going to school together. We have had lots of fun during these years, but this year has been the best. I've really enjoyed cruising town, our dinner jokes, going to Kenn., and our slumber parties - also the surprised birthday party. I will always carry these wonderful thoughts with me. You are a wonderful friend and will succeed in everything. There is so much to say, but I haven't the words to express how I feel about you. I will always treasure your friendship more than anything else. Stay as sweet and as cute forever - and I'll see you this summer.

Love ya.  
Phyllis Ann
